SERIES 1100 - Cuts a 45° bevel directly on the scribed pencil line with no offset. Free hand are a snap. Simply draw a design and follow it with the blade. Two depth settings for single and double thickness mat board, eliminate unnecessary drag.

SERIES 2000 - A quality hand-held mat cutter with the select features that make precision mat cutting a breeze. For the artist, student of hobbyist who looks for top quality results with less effort. A retractable blade ensures that the blade enters and leaves the mat board at the correct angle eliminating unsightly hooks. Over cuts can be upgraded, with the addition of nylon bearings to work with Logan Compact and Simplex cutting boards.

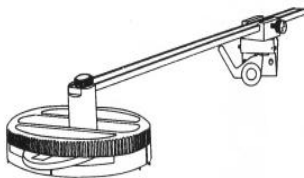

SERIES 4000 - The most advanced hand-held mat cutter for the serious student, artist, free-lancer, photographer or small gallery. The built-in marker system quickly marks the mat for borders from 1/4" to 5.5". The finger tip operated blade holder pivots smoothly assuring accurate entry and retraction of the blade from the mat without curves and hooks. The start and stop line controls over cuts. Designed on the same principle as professional quality mat cutters.
